SPECIAL SUPPLEMENT

WATER MANAGEMENT ACT 2000

Order under Section 324 (1)

TEMPORARY WATER RESTRICTIONS

Lachlan Regulated River Water Source

PURSUANT to section 324 (1) of the Water Management Act 2000 ("the Act"), I, DAVID HARRISS, having delegated authority from the Minister for Water, on being satisfied that it is necessary to do so in the public interest to cope with a water shortage, do, by this Order, direct that the taking of water from the water source specified in Schedule 1, is prohibited and restricted as specified in Schedule 2.

Words defined in Schedule 3 of this Order have the meaning set out in that Schedule. Notes in the text of this Order do not form part of this Order.

This Order takes effect on the date that notice of the order is published in the *New South Wales Government Gazette* and will remain in force until 30th June 2010, unless it is repealed or modified by order before that date.

Signed at Sydney, this 9th day of November 2009.

DAVID HARRISS,
Commissioner for Water,
NSW Office of Water
Signed for the Minister for Water
(by delegation)

Note: It is an offence under section 336C of the Water Management Act 2000, to fail to comply with this direction. An individual found guilty of an offence under section 336C is liable to a penalty not exceeding \$247,500 and, in the case of a continuing offence, a further penalty not exceeding \$66,000 for each day the offence continues. A corporation found guilty of an offence under section 336C is liable to a penalty not exceeding \$1.1 million and, in the case of a continuing offence, a further penalty not exceeding \$132,000 for each day the offence continues.

SCHEDULE 1

This Order applies to the Lachlan Regulated River Water Source (as identified in the Water Sharing Plan for the Lachlan Regulated River Water Source 2003).

Note: The Water Sharing Plan for the Lachlan Regulated River Water Source 2003 remains suspended by order under section 49A of the Act.

SCHEDULE 2

1. Subject to paragraph 2, the taking of water pursuant to an access licence from any of the following parts of the water source specified in Schedule 1, is prohibited:
 - a. downstream of the Office of Water monitoring site '412006' located on the Lachlan River at Condobolin Bridge, downstream of the confluence of the Lachlan River with Goobang Creek;

Note: This prohibition covers the whole of the Lachlan Regulated River Water Source located downstream of this monitoring site.

- b. Nerathong Creek from its confluence with Wallamundry Creek to its confluence with the Lachlan River;
 - c. Wallamundry Creek from its confluence with Island Creek to its confluence with the Wallaroi Creek;
 - d. Wallaroi Creek from its effluence with Wallamundry Creek to its confluence with the Lachlan River;
 - e. Jemalong Creek from its confluence with the Lachlan River to the southern boundary of Portion 18, Parish of Tallabung, County of Forbes;
 - f. Carrawabbity Creek to the northern boundary of Portion 148, Parish of Carrawabbity, County of Ashburnham, from its downstream junction with the Lachlan River.
2. Paragraph 1 does not apply if:
- a. a holder of an access licence has placed a **water order** with State Water Corporation; and
 - b. a River Operations Officer, Centre Valley, with State Water Corporation is satisfied that the **water order** is consistent with the **Emergency Water Protocol**, and has notified the holder of the access licence in writing that the **water order** is accepted; and
 - c. water is taken in accordance with that **water order**.
- Note: State Water Corporation will notify person(s) in writing (including by email or fax) if a water order is accepted. Until a person receives notification in writing from State Water Corporation, water must not be taken.
3. The taking of water from the water source specified in Schedule 1 under an access licence, or pursuant to a basic landholder right under section 52 of the Act, is restricted and prohibited as follows:
- a. the taking of water for domestic consumption is restricted in accordance with **Council Water Restrictions**; and
- Note: The effect of paragraph 3 (a) is that the taking of water for domestic purposes will be subject to the same restrictions imposed by Council for the local government area in which the taking of water is occurring will apply, provided that where different restrictions apply in the same local government area, the more limited restrictions will apply.
- b. the taking of water for the purpose of stock watering, otherwise than through a pipe and to a trough, is prohibited; and
- Note: This prohibits the taking of water for stock purposes by the filling of an earth dam.
- c. the taking of water for the purpose of stock watering is restricted to a maximum of 3 megalitres per landholding from the date this order takes effect until the 30th June 2010; and
 - d. the taking of water for domestic consumption or stock watering, using a water supply work with an inlet diameter greater than 50mm, is prohibited; and
 - e. the taking of water for the purpose of stock watering using a water supply work is prohibited unless the taking of water is recorded in a **logbook** and, before water is taken, the start time is entered into the **logbook** and when water ceases to be taken, the end time is entered into the **logbook**.
4. Paragraph 3 does not apply in the following circumstances, where a Manager of Licensing with the NSW Office of Water is satisfied:
- a. that a landholder's only means of continuing to take water is other than through a pipe to a trough and has made a determination in writing that the prohibition in paragraph 3 (b) does not apply to the landholder; or
 - b. that a landholder's requirements for stock watering are above 3 megalitres per landholding per water year and has made a determination in writing that the prohibition in paragraph 3 (c) does not apply to the landholder; or
 - c. that a landholder's only means of continuing to take water is through a water pump with an inlet diameter greater than 50mm and has made a determination in writing that the prohibition in paragraph 3 (d) does not apply to the landholder;
- and a copy of the determination is kept by the landholder at each location where water is taken.

SCHEDULE 3

Dictionary

Council Water Restrictions means the restrictions imposed pursuant to clause 137 of the Local Government (General) Regulation 2005 by the Council for the local government area in which the taking of water is occurring. Where different restrictions apply to different areas within the same local government area, the stricter restrictions will apply.

Emergency Water Protocol means a protocol approved by the Commissioner for Water, NSW Office of Water, from time to time and published in the *New South Wales Government Gazette* which may specify, in relation to the water source(s) specified in clause 1 of Schedule 2:

- the location(s) from which water may be taken;
- the levels at which water may be taken and/ or the level at which the taking of water must cease;
- the type of work through which water may be taken; and
- the purpose for which water may be taken.

Logbook means a written record maintained by the landholder, made available to staff of the NSW Office of Water on request, which accurately records in separate columns:

- (a) an entry for each day on which water is taken for the purpose of stock watering, containing the date and the start and end times for water taken; and
- (b) in respect of each entry under paragraph (a), a calculation of the amount of water taken, or a reference to the size of the inlet diameter of the water supply work(s) used to take that water.

water order means an order placed with State Water Corporation to take water under an access licence through a nominated water supply work.

WATER ACT 1912

Order under Section 20Z
Repeal of Reduction in Water Allocations for
2009/2010 Water Year

Peel Regulated River Water Source
General Security Entitlements

PURSUANT to section 20Z of the Water Act 1912, I, DAVID HARRISS, having delegated authority from the Water Administration Ministerial Corporation, do, by this Order, repeal the order made under section 20Z of the Water Act 1912, for the Peel Regulated River Water Source, dated 25th June 2009 and published in the *New South Wales Government Gazette* No. 95 at page 3803 on 26th June 2009.

Signed at Albury, this 10th day of November 2009.

DAVID HARRISS,
Commissioner for Water,
NSW Office of Water,
Signed for the
Water Administration Ministerial Corporation
(by delegation)

- Note: (1) The effect of this order is to repeal the order made on 26 June 2009 which restricted the holders of General Security entitlements to access up to 80% of entitlement for the 2009/2010 water year. The repeal of that order means that holders of General Security entitlements will now be able to access up to 100 % of entitlement.
- (2) In this order, "General Security entitlement" means an entitlement under the Water Act 1912 which contains a condition specifying that an amount of water taken under the entitlement is "low security".

CHARITABLE TRUSTS ACT 1993

Notice under Section 15

Proposed Cy-Pres Scheme Relating to
the Estate of the Late Adrian Phillip Fava

SECTION 9(1) of the Charitable Trusts Act 1993, permits
the application of property by means of a cy-pres scheme,
where the spirit of the original trust can no longer be
implemented.

The will of the late Adrian Phillip Fava bequeathed his
residuary estate upon trust to the 'St John of God Society'.
The total value of the estate is between \$345,000 and
\$375,000. There is no organisation by the name of the 'St
John of God Society'. There do exist several organisations
with the words 'St John of God' in their titles. Most of these
organisations appear to operate under the auspices of the
Hospitaller Order of St John of God.

The Public Trustee has requested that the Attorney General
establish a cy pres scheme under the Charitable Trusts Act
1993, whereby the residuary estate can be applied to the
Hospitaller Order of St John of God.

It would appear that the deceased established a charitable
trust with this bequest and intended the gift to be for the
advancement of religion or the relief of the poor, aged or
impotent. The bequest would appear therefore to be for a
valid charitable purpose.

The Solicitor General, as delegate of the Attorney General
in Charitable Trusts Act matters, has determined that this is
an appropriate matter in which the Attorney General should
approve a cy-pres scheme under section 12(1)(a) of the
Charitable Trusts Act 1993.

The proposed scheme will permit the bequest in the will
to the 'St John of God Society' to be gifted to the Hospitaller
Order of St John of God.

Take note that within one month after the publication
of this notice, any person may make representations or
suggestions to the Attorney General in respect of the proposed
scheme. Representations should be addressed to the Director,
Legal Services Branch, Department of Justice and Attorney
General, GPO Box 6, Sydney NSW 2001.

Dated: 5 November 2009.

Director General,
Department of Justice and Attorney General

CONTAMINATED LAND MANAGEMENT ACT 1997

Environment Protection Authority

Declaration of Significantly Contaminated Land
(Section 11 of the Contaminated Land Management Act 1997)

Declaration Number 20091105; Area Number 3269

THE Environment Protection Authority (EPA) declares the following land to be significantly contaminated land under the Contaminated Land Management Act 1997 (“the Act”):

1. Land to which this declaration applies (“the site”)

This declaration applies to the section of King’s Stockyard Creek found to be impacted with aldrin and dieldrin, located wholly within the boundary of Lot 1 in DP1076346 in the local government area of Oberon. The declaration also applies to the drainage line that runs from the eastern site boundary to King’s Stockyard Creek, as illustrated on the attached map.

2. Nature of contamination affecting the site:

The EPA has found that the site is contaminated with the organochlorine pesticides aldrin and dieldrin (“the contaminants”).

3. Nature of harm that the contaminants may cause:

The EPA has considered the matters in s.12 of the Act and for the following reasons has determined that the land is contaminated and that the contamination is significant enough to warrant regulation under the Act:

- Dieldrin and aldrin, which are present in stockpiled material, drainage line sediments and King Stockyard Creek sediments are highly toxic to aquatic organisms and bioaccumulate, and are persistent in the environment;
- The concentrations of dieldrin in the sediments of King’s Stockyard Creek exceed the relevant guideline value indicating that there is a risk to the aquatic ecosystem; and
- There is evidence of downstream movement of contaminated sediments within King’s Stockyard Creek, which may ultimately affect the beneficial uses of downstream water bodies.

4. Further action under the Act

The making of this declaration does not prevent the carrying out of voluntary management of the site and any person may submit a voluntary management proposal for the site to the EPA. If the proposal satisfies the requirements of s.17 of the Act, the EPA may approve the proposal.

5. Submissions invited

The public may make written submissions to the EPA on:

- Whether the EPA should issue a management order in relation to the site; or
- Any other matter concerning the site.

Submissions should be made in writing to:

Manager,
Contaminated Sites,
Department of Environment, Climate Change and Water,
PO Box A290, Sydney South NSW 1232,
or faxed to (02) 9995 5930,
by not later than 27 November 2009.

Dated: 30 October 2009.

NIALL JOHNSTON,
Manager,
Contaminated Sites,
Department of Environment, Climate Change and Water

NOTE:**Management order may follow**

If management of the site or part of the site is required, the EPA may issue a management order under s.14 of the Act.

Amendment/Repeal

This declaration may be amended or repealed. It remains in force until it is otherwise amended or repealed. The subsequent declaration must state the reasons for the amendment or repeal (s.44 of the Act).

Information recorded by the EPA

Section 58 of the Act requires the EPA to maintain a public record. A copy of this significantly contaminated land declaration will be included in the public record.

Information recorded by councils

Section 59 of the Act requires the EPA to give a copy of this declaration to the relevant local council. The council is then required to note on its planning certificate issued pursuant to s.149 (2) of the Environmental Planning and Assessment Act that the land is declared significantly contaminated land. The EPA is required to notify council as soon as practicable when the declaration is no longer in force and the notation on the s.149 (2) certificate is no longer required.

Relationship to other regulatory instrument

This declaration does not affect the provisions of any relevant environmental planning instruments which apply to the land or provisions of any other environmental protection legislation administered by the EPA.
