TOW TRUCK INDUSTRY ACT 1998

Tow Truck Holding Yard Policy

1. The purpose of the Tow Truck Holding Yard Policy is to ensure that tow truck operators maintain premises which can provide safe and secure temporary storage of motor vehicles towed under the authority of a licence.
2. This policy and Part 4 of the Tow Truck Industry Regulation 2008 (Regulation) provides the requirements for all holding yards owned, managed, leased or in any manner utilised by tow truck operators for the provision of holding motor vehicles. An approved holding yard must:
 - (a) Not be more than 10 kilometres from the licensee's place of business.
 - (b) Not provide a public thoroughfare.
 - (c) Have council approval to operate as a holding yard.
 - (d) Have a security fence that is at least two metres high with lockable gates*. The fence must be maintained and, if damaged, must be repaired as soon as possible.
 - (e) Have flood lighting installed*.
 - (f) Have a return to base security system or other security system approved by the Manager TTLC (Manager)*.
 - (g) Be accessible to operators, drivers, police and authorised officers 24 hours a day seven days per week.
 - (h) Be accessible by all vehicles listed on the operators licence 24 hours a day seven days per week.
 - (i) Be open to the general public during normal business hours (at least 9am to 5pm Monday to Friday).
 - (j) Be owned or leased by the licensee, who must provide documentary evidence to this effect.
 - (k) Be capable of storing any motor vehicle and volume of motor vehicles towed under the authority of the licence.
 - (l) Have a capacity to store at least four motor vehicles of a category other than motorcycles.
 - (m) Not expose stored motor vehicles to likely damage or access by unauthorised persons.
 - (n) Be accessible to the owner or their representative during normal business hours.

* Roads and Maritime Services (RMS) may, by notice in writing, exempt a licensee from this requirement. Such an exemption may be granted by the Manager, Tow Truck Licensing and Compliance (TTLC) subject to the condition that the licensee complies with a requirement specified in the notice or licence.

3. Section 20 (2) of the Tow Truck Industry Act 1998 (Act) provides that a Tow Truck Operators Licence is subject to the following conditions in relation to a holding yard:
 - (a) The licensee must take all reasonable precautions to prevent the loss of or from, or damage to any motor vehicle that is being held in the licensee's holding yard or in a shared holding yard with another operator or business; and
 - (b) The licensee must not, in the course of carrying on business use a holding yard other than a holding yard specified in the licence.
 - (c) The licensee must allow the owner of any motor vehicle stored at any holding yard used by the licensee in the course of the licensee's business to have reasonable access to the motor vehicle, during business hours and at no charge to the owner, to collect items from the motor vehicle.
4. Clause 40Y of the Regulation provides that a licensee is not entitled to charge the owner of a motor vehicle a fee for providing access outside business hours to a motor vehicle stored at a holding yard unless the licensee has first notified the person of the fees to be charged.
5. A licensee electing to have more than one holding yard is to provide a written explanation to TTLC of why more than one is required. Where a second holding yard gains approval the licensee is not permitted to charge a fee for any movement of vehicles between the approved holding yards.
6. Where two or more licensees apply to use the same holding yard RMS will consider the following before granting authority;
 - (a) Premises compliance with section two of this policy.
 - (b) Whether an unrelated business to the licensees' is carried on at the premises.
 - (c) The type of business activity/s carried at the premises.
 - (d) Whether separate secure areas are provided for each licensee on the premises.
7. When a holding yard is shared with another licensee or business the licensee who towed the motor vehicle to the yard or who has a towing authorisation with the destination as the holding yard is responsible for the prevention of loss from, or damage to, any motor vehicle that is being held in the licensee's holding yard.
8. It is a condition of a licence that the licensee (clause 39 Regulation) must keep a register (the **holding yard register**) in the approved form and manner recording the following particulars:
 - (a) The time and date on which each motor vehicle is towed into and out of the holding yard.
 - (b) The name of the tow truck driver who towed the motor vehicle to the holding yard.
 - (c) The make, model, type and colour of the motor vehicle.
 - (d) The name and contact details of the person who authorised the release of the motor vehicle from the holding yard.

- (e) The registration number of the motor vehicle, or if there is no registration number, the chassis number or the engine number (if any) of the vehicle.
 - (f) The serial number of the towing authorisation obtained in relation to motor vehicle.
Please note that the approved form and manner for completing the holding yard register includes that;
 - (g) Forms are number sequentially in date order.
 - (h) Individual entries are entered in order of the actual date and time the vehicle is moved to or from the holding yard.
 - (i) Holding yard register entries are made as soon as practicable after the vehicle is moved to or from the holding yard.
9. The holding yard register is to contain a copy of any written authorisation for the release of a motor vehicle from the holding yard that is received by the licensee.
10. A separate holding yard register is to be kept by the licensee for each holding yard on an operators licence.
11. Vehicles towed to a holding yard with a towing authorisation must show the full holding yard address (Not just “holding yard”).
12. The holding yard register may be maintained electronically, however hard copies must be printed on a weekly basis and stored at the licensees’ place of business.

Certain operators not required to maintain a holding yard

Under clause 40 of the Regulation, nothing in the Act requires the following tow truck operators to maintain a holding yard:

- A tow truck operator who only operates tow trucks with a gross combination mass of 25 tonnes or more,
- A tow truck operator who operates tow trucks only for towing motor vehicles for the purposes of metal recycling or vehicle demolishing or dismantling by a vehicle-wrecker.

Note: Although the Act exempts certain heavy tow truck operators from the requirement to have a holding yard on their licence, in order for a heavy tow truck operator to charge storage fees under the Act for a vehicle stored in their holding yard, the holding yard must be approved and on their licence.

Establishment of a holding yard further than 10 kilometres from your place of business

An applicant that would like to establish a holding yard which is further than 10 kilometres from their place of business must make an application to the Manager. An application under this Policy will incur an application fee. Any reasonable costs associated with the investigation of the application are to be met by the applicant.

The Manager may approve an application having regard to:

- The distance from the place of business,
- The population density and distance from other population centres,
- The need for additional services in the area that is proposed to locate the additional holding yard, and
- Any other matters that the Manager considers appropriate.

The Manager will advise of the outcome in writing. If the determination is not to approve the application, reasons will be provided to the applicant.

An exemption from the requirement to operate a holding yard within 10 kilometres from a licensee’s place of business may be granted subject to the condition that the licensee cannot charge any fees for excess kilometres that may apply under clause 40D or clause 40E of the Regulation.

If an operator has an additional holding yard which is further than 10km from the operator’s place of business, it will be an automatic condition of the licence that the licensee must ensure that any vehicle that is to be towed to the licensee’s holding yard is always towed to the nearest holding yard.

If for any reason other than at the express request of the registered owner or person in charge of the vehicle, the vehicle must be moved from one holding yard to another, the operator may not charge for that tow.

Dated: June 2013.

PRIMARY INDUSTRIES

FISHERIES MANAGEMENT ACT 1994

Critical Habitat of Greynurse Shark (Amendment)
Notification 2013
under the
Fisheries Management Act 1994

I, KATRINA ANN HODGKINSON, M.P., Minister for Primary Industries, in pursuance of section 220U of the Fisheries Management Act 1994, make the following Notification.

Dated this 21st day of June 2013.

KATRINA ANN HODGKINSON, M.P.,
Minister for Primary Industries

Explanatory note

The object of this Notification is to make changes to certain areas declared as critical habitat of the Greynurse Shark under section 220T of the Fisheries Management Act 1994, in the Critical Habitat of Grey Nurse Shark Notification 2002.

This Notification is made under section 220U of the Fisheries Management Act 1994.

Note: The standard fish name, in the Australian Fish Names Standards AS-SSA 5300, for grey nurse shark is now Greynurse Shark.

Critical Habitat of Greynurse Shark (Amendment)
Notification 2013
under the
Fisheries Management Act 1994

1. Name of Notification

This Notification is the Critical Habitat of Greynurse Shark (Amendment) Notification 2013.

2. Commencement

This Notification takes effect on the date it is published in the *New South Wales Government Gazette*.

3. Reasons for amendment of Critical Habitat of Grey Nurse Shark Notification 2002

(1) Pursuant to section 220U(4) of the Act, the reasons for the amendment of the Critical Habitat of Grey Nurse Shark Notification 2002 (“the 2002 Notification”) is to make the changes set out in this clause to the areas described in this clause that were declared, in the 2002 Notification, to be critical habitat of the Greynurse Shark. The reasons for those changes are also set out in this clause.

Removal of Bass Point (Shellharbour) critical habitat

(2) The area described in clause 3(2) of the 2002 Notification (known as the **Bass Point (Shellharbour) critical habitat**) will be omitted from the 2002 Notification and so will cease to be declared to be critical habitat of the Greynurse Shark. The reason for this change is that the area known as the Bass Point (Shellharbour) critical habitat is no longer considered to be habitat that is critical to the survival of the Greynurse Shark because:

- (a) it is not utilised regularly by Greynurse Sharks; and

- (b) it is considered to be of minor importance to the overall Greynurse Shark population.

Changes to Green Island (South West Rocks) critical habitat

(3) The area described in clause 3(5) of the 2002 Notification (known as the **Green Island (South West Rocks) critical habitat**) will be amended to exclude the waters within 50 metres of the mainland shore (as shown in the map under the heading “**Map 4 – Green Island**” in Schedule 1 to this Notification). The reason for this amendment is to avoid or lessen any adverse impacts on shore-based recreational fishing activities of the declaration of the Green Island (South West Rocks) critical habitat by providing a 50 metre wide corridor between the shore and the Green Island (South West Rocks) critical habitat.

Changes to Magic Point (Maroubra) critical habitat

(4) The area described in clause 3(8) of the 2002 Notification (known as the **Magic Point (Maroubra) critical habitat**) will be amended to include all waters within 200 metres of a point centred on a coordinate at 151°15.864'E 33°57.359'S excluding the waters within 50 metres of the mainland shore (as shown in the map under the heading “**Map 7 – Magic Point**” of Schedule 1 to this Notification). The reasons for this amendment are as follows:

- (a) to increase the critical habitat to the seaward side of the main site where Greynurse Sharks aggregate so as to protect an additional area of Greynurse Shark habitat and to improve consistency in approach with other areas declared to be critical habitat of the Greynurse Shark;
- (b) to avoid or lessen any adverse impacts on shore-based recreational fishing activities of the declaration of the Magic Point (Maroubra) critical habitat by providing a 50 metre wide corridor between the shore and the Magic Point (Maroubra) critical habitat; and
- (c) to improve community awareness and compliance.

NATIONAL PARKS AND WILDLIFE ACT 1974

The Kinchela Aboriginal Boys Training Home
Aboriginal Place

IN pursuance of the powers vested in me under section 84 of the National Parks and Wildlife Act 1974, I, the Minister for the Environment, do, by this my Order, declare such of the lands described hereunder as an Aboriginal Place. The place shall be known as The Kinchela Aboriginal Boys Training Home Aboriginal Place.

It is my opinion that this place is or was of special significance to Aboriginal culture.

The values for which the Aboriginal Place is significant to Aboriginal culture includes, but is not limited to, the former Kinchela Aboriginal Boys Training Home providing a tangible historical evidence of past government policies to remove Aboriginal children from their families and culture and place them in institutional care and control.

The place has strong social significance for former residents and for the families and communities from whom the boys were taken, and is associated with the commemoration and healing of affected individuals and communities as a means to reconnect with the past.

Note: Under section 86 of the National Parks and Wildlife Act 1974, it is an offence to harm or desecrate (harm includes destroy, deface or damage) an Aboriginal Place.

Should any activities that may cause harm to this Aboriginal Place be contemplated, consent should be sought from the Director General of the Department of Premier and Cabinet. Activities or works for the conservation or protection of this Aboriginal Place that are carried out by an officer of the Office of Environment and Heritage, or under the direction of such an officer, in accord with section 87A (a) of the Act, may be exempt.

Activities which might harm or desecrate this Aboriginal Place include, but are not limited to, the following: the erection of a building in the area; the carrying out of a work in, on or under the area; the subdivision of the area; the clearing of native vegetation in the area; and, any activity that disturbs the area.

NATIONAL PARKS AND WILDLIFE ACT 1974

St Clair Aboriginal Mission Church School
Aboriginal Place

IN pursuance of the powers vested in me under section 84 of the National Parks and Wildlife Act 1974, I, the Minister for the Environment, do, by this my order, declare such of the lands described hereunder as an Aboriginal Place. The place shall be known as St Clair Aboriginal Mission Station Aboriginal Place.

It is my opinion that this place is or was of special significance to Aboriginal culture.

The values for which the Aboriginal Place is significant to Aboriginal culture includes, but is not limited to, it standing as a memorial to the Stolen Generations, with hundreds of children passing through its doors. It is the only childhood home and school known to many of the children who were sent there. The residents of the St Clair Aboriginal Mission Station become a surrogate family to one another and those relationships and links remain strong within the residents own children and grandchildren. St Clair Aboriginal Mission Station has strong cultural meaning and connection for the Wonnarua, the Awabakal, the Worimi and the Darkinjung peoples and their descendants from across the State. The owners of the St Clair Aboriginal Mission Station, the Wonnarua Aboriginal Nation Corporation, plan to create a meaningful living memorial of the history of the place.

2.3 A person or corporation referred to in clause 2.1 may, on application, be exempted from participation in the Scheme by the LIV. This clause does not apply to persons to whom the Scheme applies by virtue of ss20 or 21 of the Act.

3. Limitation of liability

3.1 The Scheme limits the Occupational Liability of a Participating Member for Damages³:

- 3.1.1 arising from a single cause of action founded on the act or omission; and
- 3.1.2 to the extent those Damages exceed \$1.5 million for Participating Members in Class 1 or Class 2 of the table in clause 3.3, or as the case may be, \$10 million for Participating Members in Class 3 or Class 4 of the table in clause 3.3.

3.2 If a Participating Member against whom a proceeding relating to Occupational Liability is brought is able to satisfy the Court that –

- 3.2.1 the Participating Member has the benefit of an insurance policy or policies insuring him or her against the Occupational Liability to which the cause of action relates; and
 - 3.2.2 the amount payable under the policy or policies in respect of that Occupational Liability⁴ is not less than the amount of the monetary ceiling (maximum amount of liability) specified in the third column of the table in clause 3.3 as applying to such Participating Member to which the cause of action relates –
- the Participating Member is not liable in Damages in relation to that cause of action above the amount of that monetary ceiling.

¹ Section 5(1) of the Act provides that the Act does not apply to liability for damages arising from the death of or personal injury to a person, any negligence or other fault of an Australian legal practitioner in acting for a client in a personal injury claim; a breach of trust or fraud or dishonesty. Section 5(2) of the Act also provides that the Act does not apply to liability, which may be the subject of proceedings under s110 of the Transfer of Land Act 1958 (Vic).

² Sections 20 and 21 of the Act provide that if the Scheme applies to a body corporate, the Scheme also applies to each officer of the body corporate and if the Scheme applies to a person, the Scheme also applies to each partner of a person, and if the Scheme applies to a person, the Scheme also applies to each employee of that person, provided that if such officer of the corporation or partner of the person or employee of the person is entitled to be a member of the same occupational association, such officer, partner or employee is a member of the occupational association. Section 22 provides that the Scheme also applies to other persons prescribed by the regulations for the purposes of s 31(4) as being associated with persons to whom a scheme applies.

³ Damages as defined in s4 of the Act means:

(a) damages awarded in respect of a claim or counter-claim or by way of set-off; or
 (b) costs in or in relation to the proceedings ordered to be paid in connection with such an award (other than costs incurred in enforcing a judgment or incurred on an appeal made by a defendant); or
 (c) any interest payable on the amount of those damages or costs.

⁴ Section 4(2) of the Act provides that a reference in the Act ‘to the amount payable under an insurance policy in respect of an occupational liability includes a reference to –
 defence costs payable in respect of a claim, or notification that may lead to a claim (other than reimbursement of the defendant for the time spent in relation to the claim), but only if those costs are payable out of the one sum insured under the policy in respect of the occupational liability; and
 the amount payable under or in relation to the policy by way of excess’.

However, see also s 28A of the Act and its note, which has the effect that s 4(2) does not reduce the cap on the liability of the Participating Member to the client.

3.3 The monetary ceiling applicable for the purposes of limitation of liability under the Scheme at the Relevant Time is to be determined according to the table below –

<i>Class</i>	<i>Description</i>	<i>Monetary ceiling</i>
1	Participating Members who were at the Relevant Time in a Law Practice consisting of up to and including 20 Principals and where the Law Practice generated Total Annual Fee Income for the Financial Year at the Relevant Time up to and including \$10 million.	\$1.5 million
2	Any Participating Member which was at the Relevant Time an Incorporated Legal Practice consisting of up to and including 20 Principals and where the Law Practice generated Total Annual Fee Income for the Financial Year at the Relevant Time up to and including \$10 million.	\$1.5 million
3	(a) Participating Members who were at the Relevant Time in a Law Practice consisting of greater than 20 Principals; or (b) Participating Members who were at the Relevant Time in a Law Practice where the Law Practice generated Total Annual Fee Income for the Financial Year at the Relevant Time greater than \$10 million.	\$10 million
4	(a) Any Participating Member which was at the Relevant Time an Incorporated Legal Practice consisting of greater than 20 Principals; or (b) Any Participating Member which was at the Relevant Time a Law Practice where the Law Practice generated Total Annual Fee Income for the Financial Year at the Relevant Time greater than \$10 million.	\$10 million

4. Conferral of discretionary authority

- 4.1 The LIV has discretionary authority, on application by a Participating Member, to specify in relation to the Participating Member, a higher maximum amount of liability (monetary ceiling) than would otherwise apply under the Scheme in relation to him, her or it either in all cases or in any specified case or class of case.
- 4.2 If, in the exercise of its discretion under clause 4.1, the LIV has specified a higher maximum amount of liability (monetary ceiling) than would otherwise apply under the Scheme in relation to a Participating Member, the maximum amount of liability (monetary ceiling) in relation to that Participating Member is that higher maximum amount.

5. Duration

- 5.1 Subject to s34 of the Act, the Scheme will be in force after its commencement in all applicable jurisdictions until 30 June 2015.

- O. The Association will report annually on the implementation and monitoring of its risk management strategies, the effect of those strategies and any changes made or proposed to be made to them.

A3. Overview of social programs for energy

- A3.1 The Low Income Household Rebate is designed to provide assistance in relation to a **residential customer's** energy expenses.
- A3.2 The Life Support Rebate is designed to provide assistance where **approved life support equipment** that is essential to support life is used by the **residential customer** or another person who lives at the same address as the **residential customer**. This rebate is not means tested and depends on the type of machine in use, and in some cases, the frequency of such use.
- A3.3 The Medical Energy Rebate is designed to provide assistance where a **residential customer** or a person who lives at the same address as the **residential customer** has an inability to self-regulate body temperature and the **residential customer**

holds one of the required concession cards. An inability to self-regulate body temperature may be associated with certain medical conditions.

- A3.4 The Family Energy Rebate is designed to assist families to manage their energy costs. It is only available to **residential customers** who receive the Commonwealth Government's Family Tax Benefit A or B
- A3.5 Each of the **rebates** set out in A3.1-A3.4 are applied to a **residential customer's** electricity bill.
- A3.6 For eligible residential park residents, the Family Energy Rebate will be deposited via EFT into the customer's nominated bank account by the **department**.
- A3.7 The EAPA Scheme is designed to assist **residential customers** who are experiencing difficulty in paying their gas and/or electricity bill owing to a crisis or emergency situation.

A4. Retailer obligations

A4.1 A **retailer** must:

- A4.1.1 as soon as practicable after an election is made by any person who is or may be a **residential customer**, for the provision of energy supply, inform that person of the availability of the **social programs for energy** and provide an application form, if requested;
- A4.1.2 include information on the availability of **social programs for energy** in all bills issued to **residential customers**;
- A4.1.3 include information relating to the availability of **social programs for energy** on its website; and

- A4.2 **Retailers** may promote the **social programs for energy** together with their own products as part of their overall marketing strategy but must, at all times, comply with clause A4.1.

A5. General Information – Rebates only

A5.1 Application of this section

- A5.1.1 This section applies to the Low Income Household Rebate, Life Support Rebate, Medical Energy Rebate and Family Energy Rebate (**rebate** or **rebates**, depending on the context).

A5.2 Information to customers

- A5.2.1 A **residential customer** may receive one or more **rebates** concurrently or more than one payment under the Life Support Rebate, subject to meeting the eligibility requirements for each particular **rebate**.
- A5.2.2 Where one or more **rebates** are payable, **retailers** must identify each **rebate** as a separate credit amount on the **eligible customer's** bill.
- A5.2.3 A **retailer** must use the following descriptions (as relevant) for each separate credit amount on the bill:

- A5.2.3.1 “NSW Gvt Household rebate” or “NSW Low Income Household Rebate”; and
- A5.2.3.2 “NSW Government Life Support Rebate” or “NSW Government Rebate for the [insert specific machine type]”; and

A5.3 Verification of new customers with the Commonwealth Department of Human Services (DHS)/Department of Veterans’ Affairs (DVA)

- A5.3.1 Where required under the eligibility criteria for each **rebate**, a **retailer** must verify the Pensioner Concession Card, DHS Health Care Card or DVA Gold Card status of each new customer with DHS before a **rebate** is applied to that customer’s bill.
- A5.3.2 Despite clause A5.3.1, if a **retailer** verifies the eligibility of new customers with DHS in weekly or monthly batches, rather than using a single enquiry to verify a customer individually, reasonable attempts must be made by that **retailer** to ensure eligibility is verified before the **rebate** is applied to a customer’s bill.

Note: To avoid errors in entering the Pensioner Concession Card, DHS Health Care Card or DVA Gold Card number in the system, **retailers** are encouraged to use the DHS algorithm which verifies whether the DHS customer reference number/DVA file number is genuine and prevents the system accepting incorrect numbers. To gain access to the DHS algorithm, **retailers** must apply directly to DHS.

A5.4 Notifying ineligible customers

- A5.4.1 A **retailer** must notify a customer who applies, but is found to be ineligible to receive the **rebate** applied for, of their ineligibility as soon as practicable.
- A5.4.2 The notification given by the **retailer** must include the reason(s) for declining the application.
- A5.4.3 This clause does not apply to the Family Energy Rebate.

- A5.5.2 Subject to clause A5.6, **rebates** must not be back-dated prior to the date on which a customer’s application is made.
- A5.5.3 Where a customer changes **retailer**, the date the customer’s supply commences with the new **retailer** will be deemed to be the date the customer applied for the **rebate**. This will ensure that the **rebate** is continuously paid to the customer during the transfer from one **retailer** to another.

A5.6 Ensuring eligible customers continue to receive the Rebate

- A5.6.1 **Retailers** must ensure that **eligible customers** continue to receive the **rebate** without interruption (provided there is no change to their

circumstances that would render the customer ineligible) in the following circumstances:

- A5.6.1.1 after changing contracts;
 - A5.6.1.2 after changing **retailer**;
 - A5.6.1.3 after moving residence; or
 - A5.6.1.4 during the annual verification process.
- A5.6.2 If a customer's **rebate** payments cease under any of the circumstances listed in A5.6.1, or as a result of **retailer** error, the **retailer** must reimburse the customer for the period they would have otherwise been entitled to receive the rebate.
- A5.6.3 This clause does not apply to the Family Energy Rebate.

A5.7 Arrangements for retailer payment

- A5.7.1 A **retailer payment** will be provided to **retailers** each month.

 - A5.7.3.2 the **administration fee**.
- A5.7.4 The **retailer** must record the total value of the **rebates** paid by the **retailer**, the **administration fee** claimed by the **retailer** and the number of **eligible customers** based on the figures contained in the **retailer's** system records.
- A5.7.5 Each **retailer** must submit the following documents to the **department** by the 10th business day of each month:
- A5.7.5.1 a certified **acquittal statement** in the form provided by the **department**;
 - A5.7.5.2 a tax invoice for the **retailer payment**; and
 - A5.7.5.3 a copy of the summary of the system records referred to in clause A5.7.4.

A5.8 Credit balance

- A5.8.1 If the total of a customer's bill is less than the **rebate** amount, the difference is to be applied as a credit to the customer's account and is to be carried forward to the next billing cycle.
- A5.8.2 Where a customer with a **rebate** credit elects to change his or her **retailer** or close their electricity account with a **retailer**, that **retailer** must refund to the customer the credit amount at the date of transfer to the new **retailer** or the date that the customer closed the account with that **retailer**.

A5.9 Customers required to notify their retailer

- A5.9.1 A **retailer** must advise customers that they are required to notify their **retailer**, as soon as possible, of any changes in their circumstances that would affect their pending application or continued eligibility for a **rebate**.

A5.10 Compliance

- A5.10.1 **Retailers** must establish and maintain accounting procedures and records to enable periodic reports to be prepared to substantiate compliance with the Code.
- A5.10.2 **Retailers** must, upon request, provide such reports to the Minister, the **department** or any auditor appointed by the **department**.
- A5.10.3 **Retailers** must maintain records to substantiate compliance with the Code for a period of seven years.

A5.11 Eligibility of residential park residents

- A5.11.1 A **regulated offer retailer** must provide **rebates** to eligible long term residents of **residential parks**.
- A5.11.2 The **regulated offer retailer** must include an additional 10% with the **rebate** paid to **eligible customers** to cover GST charged by the **residential park** operator.
- A5.11.3 The **regulated offer retailer** must pay the **rebate** periodically, directly to **eligible customers** by cheque or electronic funds transfer (EFT).
- A5.11.4 Each **rebate** for eligible **residential park** residents must be calculated on a daily rate basis (e.g. \$236.50/365 days) which is applied to the number of days in each payment cycle, with a payment cycle at least once every six months.
- A5.11.5 Long term residents of **residential parks** must apply to their **regulated offer retailer** (even if the **residential park** owner is supplied by another **retailer**) for **rebates** (other than the Family Energy Rebate).
- A5.11.6 **Regulated offer retailers** must ensure that applications from long term residents of **residential parks** include a written statement from the **residential park** owner certifying that the applicant is a long term resident at the address of the **residential park**.
- A5.11.7 For the Family Energy Rebate, long term residents of **residential parks** must apply directly to the **department** by submitting a completed application form. **Eligible customers** will be paid the relevant **rebate** amount by the **department**.

A5.12 Calculation of the rebate

- A5.12.1 The Low Income Household Rebate and the Medical Energy Rebate must be calculated on the applicable daily rate basis (e.g. \$215/365 days) which is multiplied by the number of days in each billing cycle (e.g. for quarterly bills, 92 days) and offset against the gross amount of the bill before GST is applied.
- A5.12.2 The Life Support Rebate must be calculated on the applicable daily rate (24 hour or less than 24 hour) which is multiplied to the number of days in

each billing cycle and offset against the gross amount of the bill before GST is applied.

A5.12.3 This clause does not apply to the Family Energy Rebate.

A5.13 Confidentiality

A5.13.1 **Retailers** are required to protect the confidentiality of **eligible customers** to ensure that their records are not used for any purpose other than the delivery of the **rebate** or as stipulated in this Code for audit purposes.

PART C

C1. Energy Accounts Payment Assistance (EAPA)

C1.1 Overview

- C1.1.1 EAPA is a NSW Government scheme designed to help residential energy customers who are financially disadvantaged and experience difficulty paying their residential gas and/or electricity bill owing to a crisis or emergency situation. The EAPA Scheme is administered by the **department** and is aimed at helping these people stay connected to essential energy services.
- C1.1.2 The EAPA Scheme is a crisis program and is not intended to offer ongoing income support, nor is EAPA intended to relieve **retailers** of their obligations to manage their customers' debts in a fair and equitable manner. A person who is experiencing genuine difficulty paying their residential gas and/or electricity bill should first contact their **retailer** to see if alternative payment arrangements can be negotiated, such as deferred payment, pay-as-you-go plans/Centrepay and budget management services.
- C1.1.3 Community Welfare Organisations (CWOs) apply the "EAPA Delivery Guidelines" when undertaking an assessment interview with an EAPA applicant.
- C1.1.4 It is important that **retailers** are aware of this Guideline and how it interacts with the **retailers'** hardship program. This is because, where a significant exception to the Guideline is made, it may indicate that the **retailer's** assistance is required to address on-going hardship with regard to access to electricity and natural gas, in accordance with their obligations under the relevant legislative and policy framework.
- C1.1.5 **Retailers** are not to use EAPA to meet their obligations to assist customers in financial hardship to manage their bills.
- C1.1.6 A **residential customer** may receive EAPA, concurrently with any **rebates**, subject to meeting the eligibility requirements for each particular **social program for energy**.

C1.2 Delivery of EAPA by CWOs

- C1.2.1 EAPA assistance is generally issued by CWOs and one particular energy **retailer's** hardship team, in the form of \$50 vouchers. These vouchers must either be attached by a customer to their original energy bill, taken or sent to the customer's **retailer** or presented via a **retailer's** authorised payment agent, as a contribution towards the customer's energy bills.
- C1.2.2 Rules and procedures for the administration of EAPA by CWOs are outlined in the EAPA Delivery Guidelines (the Guidelines) issued by the **department**. These Guidelines cover matters such as validity of vouchers (for example, whether EAPA can be used to put an account into credit and how vouchers must be completed).

- C1.2.3 To provide guidance to **retailers** as to the validity of vouchers, a copy of these Guidelines is available from the **department**.
- C1.2.4 **Retailers** must not inform customers that they will receive a certain amount of EAPA. The amount of EAPA provided to a customer is determined by the CWO.
- C1.2.5 **Retailers** must also make all attempts to assist CWOs in complying with the Guidelines (for example, by providing direct, dedicated, free call numbers to **retailer** hardship units and working cooperatively to resolve issues concerning customers).

C1.3 Acceptance of EAPA by retailers

- C1.3.1 **Retailers** must accept all valid EAPA vouchers offered in payment of an account (except in any of the circumstances in clause C1.4).
- C1.3.2 **Retailers** must take steps to ensure that customers can make payments using EAPA vouchers at Australia Post outlets and by other over-the-counter methods.
- C1.3.3 **Retailers** must also keep the **department** informed of all payment options for EAPA, including addresses for posting EAPA vouchers.

C1.4 Circumstances where EAPA is not to be used

- C1.4.1 EAPA vouchers must not be accepted where this will place a customer's account into credit. In these cases, a **retailer** must reject as many vouchers as required to ensure the account is not placed into credit and inform the **department each month using the electronic reporting system**. The **retailer** must notify the customer of any voucher cancellation, and the effect upon the customer's account balance.
- C1.4.2 EAPA must not be relied upon by a **retailer** to address on-going hardship for a specific customer, to manage bad debts or as an alternative to managing customer hardship in accordance with any relevant legislation or internal policies.
- C1.4.3 EAPA must not be used for non-consumption related charges (for example, late fees, disconnection and reconnection fees).

C1.5 Retailers assisting CWOs

- C1.5.1 Each **retailer** must have in place a direct dedicated, telephone enquiry number for CWOs to contact that **retailer** to confirm the details of a customer seeking EAPA assistance. Calls to this line must be answered or call backs made as soon as reasonably practicable, as an inability to contact a **retailer** may cause difficulties for the CWO in assessing the customer for EAPA.
- C1.5.2 These contact details must be provided to the **department** by each **retailer** and any changes must be notified to the **department** immediately.
- C1.5.3 Current contact listings for CWOs that are able to assess customers for EAPA assistance are on the **department's** website at www.energy.nsw.gov.au.
- C1.5.4 **Retailers** are required to provide to their customers information on Government funded rebates and programs, including EAPA. This means

a **retailer** can refer a customer to one or more CWOs only if the assistance provided to a customer by the **retailer** is not sufficient to help a customer resolve their difficulty paying an energy bill or where additional assistance may be appropriate. CWOs will assess customers under the Guidelines and it is at the discretion of the CWO whether or not EAPA will be granted to a customer.

- C1.5.5 **Retailers** can also assist their customers to be assessed for EAPA vouchers by implementing an appropriate payment plan or making other appropriate referrals, for instance, to a financial counsellor.
- C1.5.6 Where a **retailer** refers a customer to a CWO, the **retailer** must also inform the customer of the requirement to take their original bill when they attend an EAPA assessment interview.
- C1.5.7 The “original bill” refers to the first issued bill for the current payment period, for which the customer is seeking EAPA assistance. A copy of an original bill supplied by a **retailer** may be considered an original bill.
- C1.5.8 **Retailers** may be required to assist a CWO to establish the details of a customer seeking EAPA assistance (for example, where a customer does not have an original bill). If a customer does not have their original bill or receives their bill via email, the CWO will be required to contact the **retailer** to confirm the customer’s account details.
- C1.5.9 **Retailers** must be aware that not all customers who seek EAPA assistance will receive EAPA vouchers. Suitability for assistance is determined following an assessment conducted by the CWO, and vouchers are granted based on availability. A **retailer** must explain this to a customer when making a referral to assist in managing the customer’s expectations.
- C1.5.10 It is generally not appropriate to refer customers with large debts that have been allowed to accumulate over a long period of time to a CWO without adequate consideration of other options and attempts to assist the customer in accordance with laws and internal policy and without discussing the matter with the CWO. In many cases, a CWO will not be equipped to handle such cases and other types of referrals may be more appropriate (for example, to a financial counsellor).

C1.6 Prohibition on disconnection during EAPA assessment

- C1.6.1 If a customer is awaiting assessment for EAPA assistance, the **retailer** is required to defer electricity or natural gas disconnection until a CWO has assessed the customer.

C1.7 Financial year expiry

- C1.7.1 EAPA vouchers remain current for one financial year. They become invalid and cannot be accepted by **retailers** after 14 July in the next financial year. That is, **retailers** may accept EAPA vouchers issued on or before 30 June if they are presented as payment within 14 days of issue. Each voucher is printed with the date to which it will remain valid.
- C1.7.2 To identify vouchers from different financial years, vouchers are colour coded and have a unique prefix identifier.

C1.8 Residential electricity and gas consumption only

- C1.8.1 Vouchers may only be presented as payment towards electricity and natural gas consumption supplied under a residential tariff, and only on behalf of the person/s named on the account.
- C1.8.2 If a customer presents a voucher for non-consumption charges, the **retailer** must advise the customer that the vouchers have not been applied to their account because EAPA can only be used for electricity and/or natural gas consumed and that the vouchers have been cancelled. These vouchers must be rejected/cancelled and reported to the **department** each month using the electronic reporting system.
- C1.8.3 EAPA can only be issued to customers residing in NSW, regardless of their **retailer**.

C1.9 Voucher validity

- C1.9.1 **Retailers** are required to assess the vouchers for validity before applying them to a customer's account. Vouchers are valid if they comply with the requirements set out in the CWO EAPA Delivery Guidelines. All vouchers must be:
- completed with the required information;
 - signed and stamped with the stamp of the issuing CWO.
- C1.9.2 Vouchers are only valid for the financial year in which they are distributed by the **department**.
- C1.9.3 Vouchers are only valid for the number of days from the date of issue as stated on the voucher.

C1.10 EAPA vouchers issued by two or more CWOs

- C1.10.1 If vouchers from two or more CWOs are presented at the same time for payment of a bill, voucher(s) from only one organisation will be accepted unless the tick boxes at the right-hand side of the voucher(s) has been ticked and signed. **Retailers** must check that this has been done to ensure the second issue of vouchers is valid.
- C1.10.2 If the tick box has not been signed, a **retailer** must phone the second issuing CWO and find out if they are aware of the first issue of vouchers. If the CWO is aware and confirms the validity of the second issue of vouchers, the **retailer** must accept all the vouchers as payment on the account.
- C1.10.3 If the second issue of vouchers cannot be validated by the CWO, **retailers** must forward the vouchers to the **department** with an explanation. The **retailer** must tell the customer that these vouchers cannot be credited to their account. The customer should be sent a written acknowledgement stating the number of vouchers retained.
- C1.10.4 The **department** will then contact the issuing CWO with an explanation of why they have been invalidated.

C1.11 Fraud or misrepresentation

- C1.11.1 If a **retailer** suspects or has evidence that either CWO or customers fraud or misrepresentation has occurred, the **retailer** must contact the **department** immediately and then confirm the suspicion in writing, either by letter or email.

C1.12 Voucher storage

- C1.12.1 **Retailers** must retain EAPA vouchers for a minimum of seven years from the date of redemption and make these available for audits by the **department**, or an agent of the **department**, upon request.

C1.13 Loss or theft

- C1.13.1 Occasionally EAPA vouchers are reported to the **department** as lost or stolen.
- C1.13.2 The **department** will track if these vouchers have been presented to a **retailer** via the **retailer's** monthly usage reports. The **department** will then notify the **retailer** of the course of action to be taken. For example, if vouchers are stolen and presented, the account to which the vouchers were applied will be reversed (to the extent of the EAPA voucher value).

C1.14 Invalid or rejected vouchers

- C1.14.1 All invalid or rejected EAPA vouchers are to be reported by the **retailer** (who received them) to the **department** each month using the electronic reporting system.

C1.15 Recording EAPA usage

- C1.15.1 For an account where EAPA has been received, the **retailer** must reference a customer's use of EAPA, the amount, and the date they were presented for payment. This assists CWOs in assessing if EAPA is being used for on-going income support.
- C1.15.2 An example of how EAPA voucher usage would be recorded on a customer's bill is at C1.15.3 where it would indicate that \$200 worth of EAPA vouchers were applied to the customer's account on 12 July 2013.
- C1.15.3 Payment History: "EAPA VOUCHER 12/07/2013 \$200".

C1.16 Reimbursement statement and electronic reporting

- C1.16.1 Reimbursement is made by the **department** for valid EAPA voucher(s) presented by customers to the **retailer**, during the previous month.
- C1.16.2 Retailers should submit to the Department each month, using the Department's electronic reporting system, a record of all valid EAPA voucher transactions in the previous four weeks. These reports will include information such as voucher serial numbers, pre and post EAPA balances for customer accounts and customer supply addresses.
- C1.16.3 **Retailers** must separately provide the Department with a tax invoice and a reimbursement statement corresponding to each monthly report uploaded to the Department's electronic reporting system. The reimbursement statement is to state the amount for which the **retailer** is

seeking reimbursement. Monthly reimbursement for administration costs must also be claimed at this time.

- C1.16.4 Administration costs are to be calculated based on \$0.80 per bill (per customer account) regardless of how many vouchers are presented in a transaction.
- C1.16.5 The reimbursement statement must be signed by the **retailer's** Chief Auditor or Senior Finance Executive and certify that the statement provides a true and accurate record of transactions during the relevant four week period.
- C1.16.6 Retailers must retain records of EAPA transactions including voucher serial numbers of the vouchers, pre and post EAPA balances for customer accounts and customer supply addresses. This also includes voucher serial numbers for those of which have been cancelled or rejected.

Definitions

6. In this Notice of Exemption:

Blast furnace slag is a waste formed when iron ore, a mixture of oxides of iron, silica and alumina, a fuel consisting of coke, natural gas, oxygen and pulverised coal and limestone are fed into a blast furnace during the manufacture of iron for steel production.

Characterisation means sampling and testing that must be conducted on the blast furnace slag for the range of chemicals and other attributes listed in Column 1 of Table 2.

Cementitious mixes means blast furnace slag blended with general purpose cement, lime and other activators for use in bound applications, where the materials must be chemically bound together.

Composite sample means a sample that combines 5 discrete sub-samples into a single sample for the purpose of analysis.

Consumer means a person who applies, causes, or permits the application to land of blast furnace slag within the definitions of "application to land" in accordance with the Act. The consumer may be the landholder responsible for the land to which blast furnace slag is applied. Where a person responsible for transporting the blast furnace slag to the land application site is also the party applying the blast furnace slag, this person must meet the responsibilities of the consumer.

Generator means a person who generates, supplies, causes, or permits the supply of blast furnace slag to a processor or consumer. The generator may also be the processor.

NA means not applicable.

Non-cementitious mixes means blast furnace slag that is not blended with general purpose cement, lime and other activators or used in bound applications.

Once-off sampling means sampling and testing that must be conducted only once on a batch, truckload or stockpile of blast furnace slag that is not repeated, reproduced and does not form part of a continuous process.

Processor means a person who processes, mixes, blends, or otherwise incorporates blast furnace slag into a material for supply to a consumer.

Relevant waste means blast furnace slag that meets the requirements of Section 7.

Routine sampling means sampling and testing that must be conducted on the blast furnace slag on an ongoing and regular basis.

Supplier means a person who supplies, causes, or permits the supply of cementitious mixes to a consumer. The supplier does not undertake any processing.

General conditions

Notes

The EPA may amend or revoke this exemption at any time. It is the responsibility of the generator, processor and consumer to ensure that they comply with all relevant requirements of the most current exemption. The current version of an exemption will be available on the EPA website: www.environment.nsw.gov.au

In gazetting this general exemption, the EPA is exempting the relevant waste from the specific requirements of the Act and Regulations as stated in this exemption. The EPA is not in any way endorsing the use of this substance or guaranteeing that the substance will confer benefit.

The EPA may grant specific exemptions in certain circumstances in recognition of intellectual property rights or where it is necessary to impose specific conditions on the use or application of a waste.

The use of exempted material remains subject to other relevant environmental regulations within the Act and Regulations. For example, a person who pollutes land (s142A) or water (s120), or does not meet the special requirements for asbestos waste (clause 42), regardless of having an exemption, is guilty of an offence and subject to prosecution.

For the purposes of arrangements between a generator, a processor and a consumer, a 'transaction' is taken to mean the contractual agreement between the two parties which specifies the exchange of waste material from one party to another. A 'statement of compliance' must be in writing and be provided with each transaction.

The conditions set out in this exemption are designed to minimise the risk of potential harm to the environment, human health or agriculture, however, neither this exemption nor these conditions guarantee that the environment, human health or agriculture will not be harmed.

The consumer should assess whether or not the exempted material is fit for the purpose the material is proposed to be used and whether this use will cause harm. The consumer may need to seek expert engineering or technical advice.

This exemption does not apply to any material received at a premises that is required to be licensed for waste disposal (application to land) activities under the provisions of the Act. This exemption does not remove the need for a site at which processing occurs to be licensed, if required under Schedule 1 of the Act.

This exemption does not alter the requirements of any other relevant legislation that must be met in utilising this material, including for example, the need to prepare a Material Safety Data Sheet (MSDS).

Regardless of any exemption provided by the EPA, the person who causes or permits the application of the substance to land must ensure that the action is lawful and consistent with the development consent requirements of the land.

All records required to be kept under this exemption must be made available to authorised officers of the EPA upon request.

Failure to comply with the conditions of this Notice of Exemption may constitute an offence under clause 51 of the Regulation and the responsible person will be required to comply with the normal regulatory provisions.

Protection of the Environment Operations (Waste) Regulation 2005 – General Exemption Under Part 6, Clause 51 and 51A

The steel furnace slag exemption 2013

Name

1. This exemption is to be known as 'The steel furnace slag exemption 2013'.

Commencement

2. This exemption commences on 1 July 2013.

Duration

3. This exemption is valid until revoked by the Environment Protection Authority (EPA) by notice published in the Government Gazette. 'The steel furnace slag exemption 2010' which commenced on 27 December 2010, is revoked on 1 July 2013.

Legislation

4. Under the *Protection of the Environment Operations (Waste) Regulation 2005* (the Regulation):
 - 4.1. Clause 51 (2) authorises the EPA to grant an exemption in relation to any matter or thing including an activity or class of activities, and
 - 4.2. Clause 51A authorises the EPA to exempt a person from any of the following provisions in relation to an activity or class of activities relating to certain waste that is to be land applied or used as a fuel:
 - the provisions of sections 47 to 49 and 88 of the *Protection of the Environment Operations Act 1997* (the Act),
 - the provisions of Schedule 1 to the Act, either in total or as they apply to a particular activity, and
 - the provisions of Part 3 and clauses 45 and 47 of the Regulation.

Exemption

5. In this Notice of Exemption:
 - 5.1. The responsible person listed in Column 1 of Table 1 is exempt from the provision/s listed in Column 2 of that table but only:
 - in relation to activities involving the relevant waste, and
 - only where the responsible person complies with the conditions referred to in Column 3 of the table, and
 - in the case of a consumer, in relation to the premises where the waste is applied to land as permitted by clause 7.2.

However, this Notice of Exemption does not exempt the responsible person from the provisions specified in Column 2 where the relevant waste is received at premises that are, despite this exemption, required to be licensed for waste disposal (application to land) activities under the provisions of the Act.

Notes

The EPA may amend or revoke this exemption at any time. It is the responsibility of the generator, processor and consumer to ensure that they comply with all relevant requirements of the most current exemption. The current version of an exemption will be available on the EPA website: www.environment.nsw.gov.au

In gazetting this general exemption, the EPA is exempting the relevant waste from the specific requirements of the Act and Regulations as stated in this exemption. The EPA is not in any way endorsing the use of this substance or guaranteeing that the substance will confer benefit.

The EPA may grant specific exemptions in certain circumstances in recognition of intellectual property rights or where it is necessary to impose specific conditions on the use or application of a waste.

The use of exempted material remains subject to other relevant environmental regulations within the Act and Regulations. For example, a person who pollutes land (s142A) or water (s120), or does not meet the special requirements for asbestos waste (clause 42), regardless of having an exemption, is guilty of an offence and subject to prosecution.

For the purposes of arrangements between a generator, a processor and a consumer, a 'transaction' is taken to mean the contractual agreement between the two parties which specifies the exchange of waste material from one party to another. A 'statement of compliance' must be in writing and be provided with each transaction.

The conditions set out in this exemption are designed to minimise the risk of potential harm to the environment, human health or agriculture, however, neither this exemption nor these conditions guarantee that the environment, human health or agriculture will not be harmed.

The consumer should assess whether or not the exempted material is fit for the purpose the material is proposed to be used and whether this use will cause harm. The consumer may need to seek expert engineering or technical advice.

This exemption does not apply to any material received at a premises that is required to be licensed for waste disposal (application to land) activities under the provisions of the Act. This exemption does not remove the need for a site at which processing occurs to be licensed, if required under Schedule 1 of the Act.

This exemption does not alter the requirements of any other relevant legislation that must be met in utilising this material, including for example, the need to prepare a Material Safety Data Sheet (MSDS).

Regardless of any exemption provided by the EPA, the person who causes or permits the application of the substance to land must ensure that the action is lawful and consistent with the development consent requirements of the land.

All records required to be kept under this exemption must be made available to authorised officers of the EPA upon request.

Failure to comply with the conditions of this Notice of Exemption may constitute an offence under clause 51 of the Regulation and the responsible person will be required to comply with the normal regulatory provisions.

Exemption Granted

Christopher McElwain
Manager Waste and Resource Strategy
Environment Protection Authority
by delegation

Notes

The EPA may amend or revoke this exemption at any time. It is the responsibility of the generator, processor and consumer to ensure that they comply with all relevant requirements of the most current exemption. The current version of an exemption will be available on the EPA website: www.environment.nsw.gov.au

In gazetting this general exemption, the EPA is exempting the relevant waste from the specific requirements of the Act and Regulations as stated in this exemption. The EPA is not in any way endorsing the use of this substance or guaranteeing that the substance will confer benefit.

The EPA may grant specific exemptions in certain circumstances in recognition of intellectual property rights or where it is necessary to impose specific conditions on the use or application of a waste.

The use of exempted material remains subject to other relevant environmental regulations within the Act and Regulations. For example, a person who pollutes land (s142A) or water (s120), or does not meet the special requirements for asbestos waste (clause 42), regardless of having an exemption, is guilty of an offence and subject to prosecution.

For the purposes of arrangements between a generator, a processor and a consumer, a 'transaction' is taken to mean the contractual agreement between the two parties which specifies the exchange of waste material from one party to another. A 'statement of compliance' must be in writing and be provided with each transaction.

The conditions set out in this exemption are designed to minimise the risk of potential harm to the environment, human health or agriculture, however, neither this exemption nor these conditions guarantee that the environment, human health or agriculture will not be harmed.

The consumer should assess whether or not the exempted material is fit for the purpose the material is proposed to be used and whether this use will cause harm. The consumer may need to seek expert engineering or technical advice.

This exemption does not apply to any material received at a premises that is required to be licensed for waste disposal (application to land) activities under the provisions of the Act. This exemption does not remove the need for a site at which processing occurs to be licensed, if required under Schedule 1 of the Act.

This exemption does not alter the requirements of any other relevant legislation that must be met in utilising this material, including for example, the need to prepare a Material Safety Data Sheet (MSDS).

Regardless of any exemption provided by the EPA, the person who causes or permits the application of the substance to land must ensure that the action is lawful and consistent with the development consent requirements of the land.

All records required to be kept under this exemption must be made available to authorised officers of the EPA upon request.

Failure to comply with the conditions of this Notice of Exemption may constitute an offence under clause 51 of the Regulation and the responsible person will be required to comply with the normal regulatory provisions.

TRAVEL AGENTS ACT 1986

List of Licensed Travel Agents

SECTION 40 (2) of the Travel Agents Act 1986, requires the Director-General to publish in the *New South Wales Government Gazette* from time to time a list of licence holders.

Section 40 (7) of the Act deems the supplier of travel services to an unlisted travel agent to have aided and abetted that person in carrying on business as a travel agent. Thus the supplier could be subject to the same penalty of 500 penalty units as the agent is trading without a licence.

Suppliers of travel services should not deal with an unlisted person or corporation unable to produce a travel agent's licence.

MICHAEL COUTTS-TROTTER,
Director-General,
Department of Finance and Services

LIST OF LICENSED TRAVEL AGENTS

Date of Preparation: 24 June 2013.
