Planned Interruption Update - Friday 10 February 2017

In line with company policies regarding forecast high temperatures we have altered our work program for today.

As a result we have cancelled the following planned interruptions. If you live near these locations and received a notice about a planned interruption for today, the work has been cancelled and power will not be interrupted as planned.

List of planned outages which have been cancelled for Friday 10 February 2017

Location	Location
• Woodstock Avenue, Mount Druitt	• Dundas Zone Substation
• Carrington Road, West Castle Hill	• Parsonage Road, Castle Hill
• Tenth Avenue Austral	• Creek Ridge Road, Glossodia
• Hewitt Street, Colyton	• Bow Bowing Zone Substation
• Nepean Transmission Substation	• The Parkway, Bradbury
• Beamish Road, Northmead	• Narcissus Avenue, Quakers Hill
• Cranebrook Zone Substation	• Corner of Sorrell and Victoria Roads, Parramatta
• Maryong Zone Substation	• Bobs Range Road, Orangeville
• Bouganville Street Glenfield	• Yalwal Road, Nowra
• Mekong Place, Kearns	
• Castlereagh Street, Liverpool	

The following work will proceed as it is either an emergency and/or is necessary to avoid the likelihood of a much longer power interruption in future. If you live near these locations and received a notice about a planned interruption for today, the planned outage is going ahead at this stage.
