

MEDIA RELEASE

13 January 2017

Power restored to 1300 Blue Mountains residents

Endeavour Energy's emergency crews have restored supply to 1,300 Blue Mountains customers following a loss of supply in the Blaxland substation at around 6pm Friday afternoon.

Endeavour Energy has crews onsite at the substation and is hoping to restore power to the majority of customers in the next few hours.

The loss of power at around 6pm this evening was due to a fault in a cable.

Customers are being restored by switching the network and supplying power from nearby substations.

Endeavour Energy apologises sincerely to the customers affected and is investigating the cause of both incidents at the substation this week.

The areas affected include: Blaxland, Lapstone, Warrimoo, Glenbrook, Mt Riverview, Valley Heights, Sun Valley.

Life support customers and customers who rely on electricity for medical conditions should act on their back up plan.

Customers can check updates about local power supplies by:

- calling **131 003** and entering their postcode
- entering their suburb into the power outage application via its website www.endeavourenergy.com.au
- downloading the [Endeavour Energy outage app](#) to their smart phone via iTunes or the Google App Store.

Further updates will be provided as new information comes to hand.

Endeavour Energy's network supplies electricity to 2.3 million people across Sydney's Greater West, the Blue Mountains, Southern Highlands, the Illawarra and South Coast.
